“Everything About Chemistry!”

Turkchem, one of the biggest gatherings of the chemical industry, which has a trade volume of billions of dollars in the world, is preparing to bring together industry professionals and consumers for the 10th time at Istanbul Expo Center between November **27 - 29, 2024**.

Turkchem, the International Chemical Industry Fair, which has become the meeting point of local and foreign industry professionals with the motto "Everything About Chemistry", will once again be the focus point of the chemical industry by hosting hundreds of exhibitors and thousands of local and foreign visitors for 3 days.

Why Exhibit ?

Get a chance to meet industry professionals who are directly in your target market.

Step ahead of your competitors by displaying your products and solutions.

Receive new orders.

Create sales opportunities to promote your business and reach potential customers by the support of the extended promotional campaigns that are conducted before, during and after the show.

Increase your market share in Turkey which is one of the Europe's largest market.

Strengthen your market presence and brand awareness.

2022 Statistics:

“

I can say that we had a very good fair at Turkchem, which was organized after a long break. Thanks to everyone who contributed.

Top 10 Visiting Countries

I think Turkchem was the biggest fair held after the pandemic. With the opportunity provided by Turkchem, we had a fair full of excitement to explain our innovations to our customers, it was very crowded. We thank Turkchem.
