

## About Us

We offer a vast variety of services across sectors and have clients within numerous fields of service areas. Our regulatory compliance services started with EU REACH, and we have now ventured into every new regulation which has emerged over the past few years.

## Cosmetic Services

Our service portfolio has expanded and covers over 40+ regulations in more than 30+ countries worldwide. Our technical team and our extensive network of collaborations help us provide your company these cosmetic services (but are not limited to):

- Ingredient Formulation Review
- Notification/registration of the raw materials that need to comply with REACH/REACH like regulations
- Physic-chemical properties testing of the final product
- Microbiology testing of the final product
- Safety assessment report performance
- CPNP Notification for EU,
- SCPN Notification for UK,
- SUGAM registration for India

## Cosmetic Regulatory Area

- EU(EC) No 1223/2009 Cosmetics Regulation
- UK Regulation 2009/1223 Cosmetics Regulation
- Indian Cosmetic Regulation "Cosmetic Rules 2020"
