REACHLaw

We Specialize in Chemical Regulatory Compliance and Sustainability

As the leading provider of services on the registration, authorisation and notification of chemical substances both within and outside the EU, we offer tailor-made solutions for each customer.

We support companies in gaining market access for their chemical products globally by taking care of chemicals registration and notifications according to specific regional regulatory requirements. REACHLaw also functions as an “Only Representative” according to several chemical regulatory schemes and supports foreign chemicals manufacturers to cost efficiently access local markets with their chemical products.

Combining the best Expertise

- 50+ business professionals, lawyers, chemists, toxicologists, eco-toxicologists, socio-economic analysts, businesspeople and IT specialists
- 10+ different nationalities
- Offices: HQ in Helsinki, offices in Brussels, Manchester, Istanbul and New Delhi.

Our Clients and Markets

From Fortune 100 companies to SMEs to industry associations. Our customers consist of manufacturers, importers, traders, downstream users, retailers and public organizations as well as authorities.

REACHLAW
COMPLIANCE . SUSTAINABILITY .
